

A NHPRS Pre-conference Workshop

Analytical Technologies for Natural Products Research

Tuesday May 17th 2016

University of Prince Edward Island

Charlottetown, PEI

9:00—3:30pm

Please join us for a free seminar to learn more about modern analytical technologies for natural products research presented by leading scientists in the field.

Applications in Natural Health Products

- Dr. Fabrice Berrué (National Research Council Canada)
- Dr. John Arnason (University of Ottawa)

Natural Products in Food Chemistry

- Dr. Jason McCallum (Agriculture and Agri-Food Canada)
- Dr. Vasantha Rupasinghe (Dalhousie University Faculty of Agriculture)

Novel Analytical Technologies for Natural Products Research

- Dr. Ammar Saleem (University of Ottawa)
- Patrice Lemire (Waters Corporation)
