Why Be a Sponsor?

Demonstrate your leadership and vision for innovative, research-driven products. Align yourself and/or your product or service with a conference program aimed at fostering and strengthening a growing, vibrant based in research.

Being a sponsor for the **NHPRS of Canada's 19th Annual Conference and Trade Show** is an outstanding opportunity to align your organization with a thriving and productive network. Your participation as a sponsor underscores your commitment to an educated and informed NHP industry.

Visibility and Recognition

As a sponsor of this event, you will gain immediate and lasting recognition within the international NHP community. You will have access to a large target audience to promote and raise the profile of your group.

The 2023 conference will be hosted in Montreal, Quebec, an International Research Hub.

Following the success of the pre-covid meetings, it is estimated that 250 people will attend this event. Delegates and Industry are keen to once again be present at face to face meetings. The audience members will be comprised of a diversity of individuals and companies involved or interested in NHP research, products and services including:

- ✓ Individuals and companies interested in advancements in NHP research, product quality and standards, production, processing, product development and formulation, product safety and efficacy;
- ✓ Clinical, basic and social scientists, graduate students and post-docs in NHP, functional food and nutraceutical research;
- ✓ Conventional and alternative health professionals interested in advancing the knowledge of the latest NHP research findings.

Terms of Agreement – Conference Sponsorship

This agreement will be binding upon acceptance of payment by the NHPRS. The sponsor agrees to comply with all applicable terms, conditions, rules, and regulations of the NHPRS. The decisions of the conference organizers in the interpretation of this contract shall be final and binding on the sponsor. Sponsorships will be awarded on a first come, first served basis. Sponsorship registrations will not be reserved until the NHPRS office receives full payment. The NHPRS of Canada retains the right to decline any sponsor that it deems inappropriate.

Deadlines for submission of sponsor logos and other promotional materials

The sponsor is responsible for providing the NHPRS with a print ready version of its logo and any other promotional materials. For inclusion in the printed conference brochure, logos should be submitted no later than **March 31st, 2023** (VIP Sponsors only). The final deadline for inclusion of sponsor logos on the conference signage and program materials is **April 15th, 2023**. Any materials received after this date will appear on the NHPRS website only.

The Natural Health Product Research Society of Canada

The NHP Research Society (NHPRS) of Canada is a not-for-profit science society. Its mission is to facilitate and support meaningful, scientifically rigorous research and education on natural health products (NHPs). The NHPRS's policy and project goals promote the development of:

- ✓ Research priorities that will best enable the informed and appropriate use of NHPs that are safe, efficacious, and of high quality;
- ✓ A vertically integrated national research network that encompasses academic, health professional, industry and government stakeholders; and
- ✓ Established product quality standards, including reference materials and validated methods.

NHPRS Objectives

It is the objective of the Society to facilitate and support NHP research priorities to:

- ✓ Foster interdisciplinary NHP research collaborations and networking; Build NHP research and education capacity;
- ✓ Facilitate effective NHP knowledge transfer and translation;
- ✓ Facilitate informed decision-making and evidence-based policy development; Advocate and uphold fair and ethical standards in NHP education and research;
- ✓ Provide representation and a communication forum for the NHP research and education community;
- ✓ Promote the use of high quality, well-characterized and standardized NHPs in research; Ensure the safe and appropriate use of NHPs;
- ✓ Ensure the efficacy, safety, and high quality of NHPs; and
- ✓ Develop national product quality standards, reference materials and validated methods.
